Press Release

[My Box Storage](#) Partners with [Charity Storage](#) to Raise Funds for [Humane Society of Elmore County](#).

Montgomery, ST – November 16, 2019: [My Box Storage](#) has partnered with [Charity Storage](#), a national non-profit, 501(c)3 (Tax ID # 45-3253579) organization that leverages the increasing popularity of storage auctions to raise funds for Charity. It introduces a charity component to existing storage operations to raise funds for [Humane Society of Elmore County](#), [Kure It Cancer Research](#) and the [Self Storage Association Foundation Scholarship Program](#).

[My Box Storage](#) has been a part of the **Montgomery** community for one-year, offering a modern, clean and secure storage option to our neighbors. Recently, our store has become a [Charity Storage Donation Drop-Off Point](#)! We are committed to engaging with our community and raising funds for causes that make a difference. Help [My Box Storage](#) succeed by **donating your gently used or new items** to our **Charity Storage Unit** in exchange for a **Charitable Donation Receipt**. The contents will be auctioned off on www.StorageTreasures.com and **60% of the proceeds** will go to [Humane Society of Elmore County](#)! The remainder will be distributed to [Kure It Cancer Research](#) (20%), the **SSAF Scholarship Program** (10%) and only 10% is retained by charity Storage to help offset administrative costs.

The [Charity Storage Giving Back Program](#) allows us to facilitate the recent trend to **Reduce, Reuse and Recycle**. It enables [My Box Storage](#) to provide a venue to **donate items you no longer need**, such as **vehicles, tools, appliances, camping equipment, furniture, baby items, toys, sporting goods, art, décor, gardening, kitchen, household and office items** to reduce your footprint. In turn, other members of our community may **find value** in those items, whether to **re-sell** or **use themselves**. It is a **win-win scenario** for all those involved!

To learn more about [Charity Storage](#), visit their website at www.charitystorage.org . Like them on **Facebook**, follow them on [Instagram](#), [Twitter](#) and [LinkedIn](#) to find out how they help the self-storage industry **raise funds for charities throughout the United States**.
