Comments: (skittish, very friendly, doesn't like men): _____

Please email, mail or bring in a picture of your pet if at all possible as your description and what we are thinking might not match perfectly. If you find your animal or find the owner of a found animal please call or email us so we can update our records and be happy for you or the owner.

While we do our best to keep looking for your animal in those that come in to us, **checking with us every few days is a good idea.**
